Insurance: A Wise Investment for your Future

During an economic slump like we're in, it is wise to see where you can cut down on frivolous spending and to plan ahead with and save your money. There are other areas where you should consider spending more to help beef up your financial security in the long term. More than ever, insurance for those unexpected accidents and costly expenses are essential.

The Legionnaire Insurance Trust has been working hard for over 50 years to bring you and your family a variety of products that help you financially prepare yourself for the worst. For example, if you find you or your spouse in the hospital the Hospital Help Plan can pay you benefits while you are in the hospital. Our Cancer Care protection plan pays you to help fight cancer and speed your recovery.

To learn more about these products and more, visit us online at www.TheLIT.com or give our customer service representatives a call at 1-800-235-6943 and we'd be happy to assist you.
