Cancer Can Occur In Anyone at Anytime

The Agency for Healthcare Research and Quality estimates that the direct medical costs (total of all health care expenditures) for cancer in the US in 2013 were \$74.8 billion*. If you get cancer, your share alone may run into the thousands of dollars. Despite huge strides in cancer research, the odds of getting cancer are still bleak. According to statistics from the American Cancer Society men have a 1-in-2 risk of developing cancer; women, 1-in-3 during their lifetimes*.

This is why The Legionnaire Insurance Trust offers the Cancer Care Plan. We want to send you benefits if you find yourself caught in a battle with cancer. The individual benefits within the plan are subject to their own lifetime maximums and vary per benefit. This plan will provide cash benefits you can use toward: hospitals, operations, doctors, drugs and more.

Because the Legionnaire Insurance Trust Cancer Care Plan is a group plan that was negotiated on behalf of over 1.7 million Legionnaires you pay group rates. These are likely more competitive than rates you could find on your own and cannot change unless they change for the entire group. Better yet, you are guaranteed acceptance** in this plan if you're an eligible Legionnaire and have not been diagnosed with Cancer in the last 10 years***.

For additional information regarding the Legionnaire Insurance Trust Cancer Care plan, visit www.TheLIT.com or call 1-800-235-6943 and one of our representatives will be happy to assist you.
