If two or more recruiters finish with the identical number of new members for the place in question, the dollar values of the cash awards for the place or places affected shall be added together and then divided by the number of tied recruiters to determine each recruiter's share.

Award winners will be determined after June 1, and the awards shall be presented at the Annual Department Convention.

Recruiters are eligible to win these awards in consecutive years.

First place award winners in each category will be interviewed for the *Nebraska Legionnaire*, and the interviews shall be published in a timely manner.
